MAJOR TRAUMA MANAGEMENT AND TRAUMA SYSTEMS

Activities at the A.O.R.N. “A. Cardarelli” Trauma Center included the management of patients with trauma and multiple trauma, early clinical stabilisation, identification of the underlying pathological condition, and subsequent transfer to the appropriate specialist units or resolution of the clinical condition and discharge.

Successive leadership roles in the “Diagnostic Pathway and Initial Management of Trauma Patients”, the role of designated lead for Trauma Center activities, direction of the Trauma Center, the start-up of the Ospedale del Mare Trauma Center, supervision of PS/MECAU and current work in the Emergency Department and OBI UOC demonstrate extensive experience in developing and managing clinical and organisational pathways and care protocols for trauma and emergencies.

This experience also demonstrates the ability to integrate trauma patient pathways between the Emergency and Admissions Department (DEA)/Emergency Department and specialist wards, as well as expertise in designing and implementing organisational models dedicated to trauma.

Overall arithmetic total of documented entries	67	1093.4

Note: the total of 1093.4 credits is an arithmetic summary of the entries in the curriculum and the documented/verified events collected. It does not replace the official individual MyECM/Co.Ge.A.P.S. record and does not certify fulfilment of continuing education requirements. Activities with no confirmed credit value, or still awaiting identification, have not been added to the total.

Curriculum updated to 07/11/2026; CME/ECM appendix updated to 29/10/2026.

CME/ECM APPENDIX - EVENTS AWAITING VERIFICATION

Updated to 29/10/2026

Event and date	Event credits	Documentary status
Medicine, Humanity and Crisis - 17/10/2026. OMCeO Naples; appointments as speaker and member of the Scientific Secretariat. AGENAS 496669 (to be checked against the certificate).	7.0	Personal credits are not certified in the documentation examined.
Safety & Security - Emergency management in civilian and military settings - 19/11/2026. Naples; Scientific Direction. AGENAS 500092, edition 1 (as communicated); provider MDG Solutions, ID 7259; duration: 8 hours.	8.6	Planned event; personal credits not yet earned.
Total credits allocated to the two events	15.6	Excluded from the documented personal total.

The values shown relate to event accreditation and do not certify personal CME/ECM credits already earned. For the congress of 17 October 2026, individual credit recognition requires verification; the congress of 19 November 2026 is still planned. The 15.6 credits are not added to the personal historical record.
